Re: Defense Technology

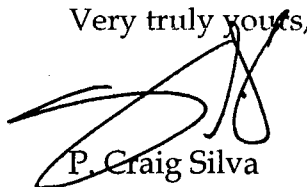

Dear Ms. Ackerman:

This letter is made pursuant to our discussion of October 2, 2001 regarding acquiring the test results and data related to the investigation conducted by the EPA out and around the Neosha Road property of Defense Technology of America.

Based on that conversation, it is my understanding that you will provide the test results and the information related to such results. My clients thank you in advance for your willingness to provide the information and look forward to receiving it.

If you have any questions or concerns, please do not hesitate to call.

Very truly yours,

P. Craig Silva
